Welcome, potentially new Taiko players, or just beginning Taiko players aiming to improve their game! It's perhaps a bit difficult to get into Taiko just due to how intimidating the game looks, or based off of the colors confusing you, or even just afraid to jump out of your comfort zone* (*note: not all reasons listed here)! Not to worry, we're here to put the spotlight onto you, with the Beginner's Taiko Tournament Season 5! In this, we'll get to see new members of the Taiko community partake and improve their skills. Who knows, perhaps one of these players will be a top Taiko player in the future? In any case, to get to the top, you must work hard from a lower point in the pyramid so to say.

The announcements regarding mappools, schedules and everything regarding the tournament will be done on the Discord server, so make sure that you join it if you want to register.

If you have any questions about the tournament, do not hesitate to ask them to Ladylag on Discord (Ladylag#4320) but please, read the rules before asking anything obvious.

And remember, osu! is only a game. Even in a tournament, we're just here to have fun together !!!
